

FIRST DIVIDEND DECLARED BY BUTLER

The very cheering news came from Philadelphia today that the Jim Butler Mining company has declared its first dividend. It was for ten cents a share. The books of the company will be closed July 15 and the dividend checks will be sent out August 2. Dividend No. 1 will be paid on 1,718,021 shares, there being 281,979 shares remaining in the treasury out of the 2,000,000 shares for which the company was incorporated. This means a disbursement of \$171,802.10 to the stockholders, after which, even with the heavy expense of recent litigation, there will still remain a comfortable sum in the treasury, while the grade and quantity of ore in sight ensure further velvet money before many months.

COMING FESTIVAL HAS GREAT PROMISE

CELEBRATION OF FOURTH WILL BE A GALA EVENT IN TONOPAH

Plans are complete for Tonopah's Fourth which promise much for the entertainment of its citizens. The many responses to the call for floats show that we are to have a good healthy parade, and that the people are behind this celebration and are doing their best to make it a success. The committee has assured something new in the decorations on Main street and is being ably assisted by all the merchants, who have promised to exert an extra effort in decorating their stores.

The intersection of Brougher and Main is to be made a Court of Patriotism which is to be the start of a mardi gras festival that will reach its climax later at the Airdome and wind up the celebration in a whirl of fun with a mardi gras ball.

The rescue team drills, which will take the place of the time-honored drilling contests, should be of great interest to all. These are being supported and managed by the Mine Operators' association, and include many new features.

Races for children, free movies, fire works, horse races, boxing contests and horse races will round out the celebration and make it one of which Tonopah should be proud.

HOTTEST DAY OF SUMMER

Yesterday the thermometer climbed up to 85 degrees, making the highest point it had yet reached this season, although a year ago the average for the day was several degrees warmer. Today did a shade better. The mercury stood at 86 degrees at 1 o'clock at the weather station, which is several degrees cooler than down town. There came a drop in the temperature shortly afterward, due to a cooling breeze.

AMUSEMENTS

AIRDOME

The five-part moving picture production of Washington Irving's famous classic, "Rip Van Winkle," played to a good house last night and will be shown again tonight, with Thomas Jefferson in the title role. Mr. Jefferson played this part also on the legitimate stage and with the greatest popularity and success.

The regular weekly 10-cent dance will be held on Thursday of this week instead of Saturday in order not to conflict with other attractions relative to the celebration. Friday, another Mutual masterpiece in four parts, "The Outcast," by Thomas Nelson Page. No one should miss seeing this wonderful picture, and the fact that such a writer as Mr. Page is the author leaves nothing to be said of its merit. Saturday, Lina Cavalieri, the world's most beautiful woman, in the seven-part masterpiece, "Manon Lescaut." First show 7:30 sharp. Admission 5 and 10 cents.—Adv.

BUTLER THEATER

It is to our sorrow that we have to disappoint our patrons by announcing that the film exchange in San Francisco has made an error and in some way or another our feature picture "Du Barry" did not arrive for today's use. We will announce just as soon as possible when this feature will be shown. Instead of "Du Barry" we will show a three-reel Pathe entitled "The Bliss of Ignorance" and a Vitagraph comedy, making a four-reel program. Admission 10 cents. Tomorrow "The Terrible One," three-reel drama, and a Sidney Drew comedy. Friday a Paramount feature, "The County Chairman," in five reels, featuring Maclay Arbuckle. Overture for tonight, "Italians in Algeria," by G. Rossini.—Adv.

PASTIME THEATER

Today the World Film corporation releases the five-part photoplay, "A Daughter of the People," at the Pastime. Involved in a struggle between labor and capital, is a very touching love story, handled in such a manner that it will probably provoke much discussion wherever the film is shown. A problem is presented as follows: A wealthy man marries a girl, concealing from her the fact that the ceremony was illegal. When the truth is revealed to the world, the man finds that he is sincerely in love with the girl. She, however, wants to go back to the man she left. When she does, he rejects her and she finds that she is no longer welcomed by her own people. Then the devotion of the "other man" wins her and a legal marriage makes them, it is to be hoped, happy. As settings for this story, the producer has selected many strikingly

beautiful scenes. The burning mill provides combined sensation and spectacle.

Tomorrow, "A Fool There Was," featuring Theda Bara, the great French emotional actress, will be returned to the Pastime.—Adv.

Butler theater tomorrow "Du Barry," six reels.—Adv.

TWO LITTLE GIRLS AND TWO BIG MEN

PROCEED TO START A ROUGH HOUSE

PROGRESS FROM A DOWNTOWN BAR TO THE UPTOWN BAR OF JUSTICE

Two damsels from California, who recently took up their abode in the restricted district, started to celebrate the Fourth of July prematurely on Monday afternoon. They had considered a skate aboard when they entered a downtown saloon. The bartender, who had just come on shift, noticed their condition and refused to serve them. Using abusive language one of the "chickens" picked up a ginflax and in a highly ladylike manner tossed it into the barkeeper's face, while the other told him something about his antecedents that was not written in the family Bible.

He proceeded, after ordering them out of the house, to use force in addition to persuasion. Another employee of the house assisted him and hurt his hand slapping one of the girl's cheeks. The result was that both men were arrested. Justice of the Peace Dunsmuir fined each of the men \$25 and directed the prosecuting damsel to keep out of the saloon or they were likely to appear as defendants instead of witnesses for the state.

WEISSE AND RIDDELL ACCUMULATING A DUMP

M'KELVEY LEASE AT SYLVANITE IS SHOWING BIG PANNINGS IN HORN SILVER

(Special Bonanza Correspondence)

SYLVANITE, June 30.—The McKelvey, McLaughlin & Tennant lease on the Weiss & Riddell estate at Sylvanite is looking better than ever. Horn silver ore that pans a string of colors half way around the pan is a common occurrence each day. They are saving from one-half to three-fourths of a ton of ore a day from the pay streak that shows the best values on the hanging contact.

Very good progress is being made in the Weiss & Riddell shaft, which is now down 48 feet. Drifting on the vein will be started as soon as the shaft reaches 55 feet, which will be in the course of the next few shifts. Messrs. Weiss and Riddell do not expect to ship until a carload, or approximately 35 tons, is accumulated on the dump.

Tomorrow at Butler theater, Leale Carter in "Du Barry."—Adv.

SWEEPING OFF THE TARTARIA HAS BEGUN AT LAST

A band of street sweepers was put to work this morning removing the surface of Tonopah's thoroughfares, which were recently coated with tar via and dust at considerable expense. It is not known what the commissioners will do with the sweepings, but they might be boiled and precipitated and the scum shipped to California and sold for tar weed fertilizer.
